## PROFILE

I spent a year in business school and learnt basic skills in bussiness and marketing. As a graphic designer, I am required to be educated in visual designing, video editing, concept development, marketing, branding and teamworking. Copywriting is also a skill that was covered and learnt at school. I am passionate in working with others and I consider myself as a teamplayer. I am also very hardworking and optimistic. As an international student, born in China, I have spent 7 years in Vancouver since I was 14 therefore I speak fluent Mandarin and English.
